

ABOUT ANDRÉA

Andréa Rizzo had a love of life that was felt by all who knew her. She was a loving daughter, only child, compassionate friend, dedicated Special Education teacher, gifted dancer and childhood cancer survivor. She was attending graduate school at NYU in hopes of becoming a dance therapist so that she could share her love of dance and its positive impact on her life with the lives of fragile children. She herself had been treated and cured of cancer as a very young child at Memorial Sloan-Kettering Cancer Center in New York.

On May 19, 2002, Dréa's life was cut short by a drunk driver as she returned home from attending a dance performance, but her passion for children and dance live on.

Andréa's gift was the great dance of the heart and it moves us all.....

THANK YOU!
